

# EL SALTO SONG

(opening music)

## SINGING GUIDE

1. If you don't feel like singing, you don't have to.

2. Two cantors will lead the rest of the group.

During the first half of Verses 1 and 2, they will demonstrate the way it works.

3. Sing the line marked "ALL", where it says "SECOND HALF".

Sing with total freedom, without coordinating rhythmically with everyone else.

Add ornaments, trills, extra notes, and other fancy stuff if you feel like it.

If you have a favorite pop/blues/folk/hip hop singing style you like to use in the shower, feel free to use it.

It's ok--encouraged in fact--for you to get behind or ahead of the rest of the group.

4. You'll see.
